

# TEAR DROP ACCESSORIES

## **Foldable Base**

Suited for indoor or low wind areas.

## **Spike Base**

Great for a permanent or temporary signage spot. It will stick into soft ground outside your business, making it easy to bring inside at the end of your day!

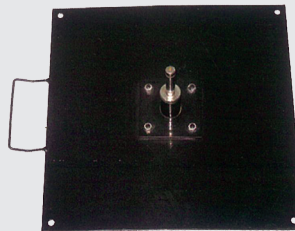

## **Cross Base**

Works well inside or outside in low wind areas - also has the ability to be fixed to the ground.

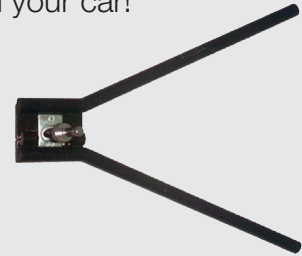

## **Square Base**

Suited for outdoor application on solid flat ground.

## **Vehicle Base**

For a mobile option. Have your signage go with you and your car!

## **Wall Bracket**

Perfect for fixing to a wall or fence.
